Account Setup Instructions:

You should **not** check the “joining a team” box on the sign-up form – this is where you are being asked for a Team ID and password which you will not have as individual account sign up.

You should not be asked for credit card information. This form is a one-step no credit card form. If you are asked for CC info you may have accessed IXACT’s regular free trial sign up page instead.

If you have issues signing up with the above instructions please contact:
